

## 2022 - 2023 BOCES 4 Science **SUMMER & FALL** Curriculum Embedded Professional Learning

Teaching science is changing. The New York State Science Learning Standards (NYSSLS) provide guidance for new curriculum and the shifts in instruction that are integral to it. When teachers attend training sessions on each unit, they dive into the appropriate NYSSLS topic.

The lessons in the unit were written to be three-dimensional. The margin notes in the Teacher's Guides focus attention on those 3-D elements. In addition, the training sessions emphasize how instruction has shifted with the new Standards. When teachers attend a training session, they learn that the B4S educators are always ready to provide support as the teachers & students embark on this new adventure.

BOCES 4 Science Embedded Professional Learning Sessions as well as all supporting materials on the B4S website are free with the use of the corresponding unit.

Grade Level	Unit Name Unit Contact Email	PD Course Dates
All Science Leaders	<a href="#">Train the Trainer – Enhanced NYSSLS for Gr. 3, 4, &amp; 5 – Day 1</a> Monroe 1 BOCES, Rochester NY	<b>July 27</b> 8:30 – 3:00 Lunch on your own 6 CTLE credits Monroe 1 BOCES 15 Linden Park, Rochester, NY 14625
