

Grade 3 – Generations of Butterflies

1. Look at the pictures of the bee life cycle. Label the birth, growth, reproduction, and death stage in the boxes below.

Grade 3 – Generations of Butterflies

2. Look at the pictures of the strawberry plant life cycle. Label the birth, growth, reproduction, and death stage in the boxes below.

Grade 3 – Generations of Butterflies

Look at the picture of the parent dogs and the offspring.

mother

father

offspring

3. What traits did the offspring get from its mother?

4. What traits did the offspring get from its father?

Grade 3 – Generations of Butterflies

5. Watch the video about alligators in winter: https://www.youtube.com/watch?time_continue=84&v=v-Z5ok5xfHg&feature=emb_logo

The alligators are acting differently in the video. List the ways their traits have changed because of their environment:

Grade 3 – Generations of Butterflies

6. Watch a video on traits: <https://www.youtube.com/watch?v=GqEConjFPvg>.

Draw a picture of yourself. Label any traits you have inherited. Label any traits you have acquired.

Inherited trait – a characteristic you were born with and cannot change. An example is eye color.

Acquired trait – a characteristic you choose to have or get during your lifetime. An example is a scar.
