

WHERE DO EARTHWORMS COME FROM?

Where do
earthworms come
from?

Do they come from
their mother like
you and me?

Do they come from
an egg like a bird?

Earthworms come
from an egg.

Earthworms lay eggs
in the soil.

Only grown up
worms can lay eggs.

Adult worm

Earthworm eggs can
be big.

Earthworm eggs can
be small.

Not all eggs are
the same.

Baby worms are
called **hatchlings**.

Hatchlings are very
small.

This is the life of
an earthworm.

Worms can live for
a long time.

Worms can be eaten
by other animals.

Earthworms are
little creatures.

They help make
our world a better
place!
